Truman Urges Steel To Help Avoid Strike

Has Plan To Work Outside T-H Labor Act

Washington, July 13—(AP)—President Truman tonight made an urgent appeal to three large steel companies to avoid a steel strike by accepting his plan for a fact-finding board outside the Taft-Hartley Act.

After a day of scrambling developments in Pittsburgh and Washington, the threat of a steel shutdown at midnight Friday over wages, pensions and group insurance still hung precariously over the nation.

Mr. Truman and Philip Murray, president of the CIO United Steelworkers, were both putting pressure on U. S. Steel, Republic, and Bethlehem, trying to win their agreement to appear before a non-Taft-Hartley board which the White House is appointing.

In Pittsburgh, the union accepted the president's proposal for a 60-day postponement of the strike, but Murray announced that the union would apply only to those firms which agree to appear before the board. He said that tomorrow he will order a strike against firms which don't.

In Washington, Mr. Truman sent telegrams to the three companies. He said: "Surely you are not afraid to have your side of this dispute examined in the public interest."

He made it unmistakably clear that he is going ahead and appoint the board, and said "I trust that you will cooperate . . . He asked for an answer."

Replying to the companies' argument that he ought to use the National Emergency provision of the Taft-Hartley act, he said the situation does not constitute enough immediate peril to the "national health or safety" to warrant such action until after a "prolonged interruption" has occurred.

Not Permitted In T-H Act
The Taft-Hartley "health or safety" provision, which includes authority for an 80-day injunction against a strike if necessary, does not permit inquiry boards to make any recommendations. The board to be set up shortly by the president would make recommendations within 45 days.

The president emphasized the companies are not being asked to bind themselves to accept these recommendations.

Significantly, Mr. Truman chose to interpret this position of three steel companies—Jones & Laughlin, Wheeling, and Youngstown Sheet & Tube—as meaning they have accepted his plan and will appear before the board.

He telegraphed his thanks to them. Thus, along with other government officials, he saw the present situation as being one of disunity among major steel companies. Two of the highest-placed officials in the government told reporters privately that it was clear the steel producers were not united in their positions.

Court Orders Man To Account For \$75,000 Of Estate

Chicago, July 13—(AP)—One of five heirs to a \$100,000 estate today was ordered to give an accounting of \$75,000 in cash and property.

George M. Schatz, first assistant probate judge, ruled that the \$75,000 held by Robert Leffingwell, Jr., is part of the estate left by his mother, Mrs. Mary J. Leffingwell, who died March 30, 1947. Judge Schatz ruled that Leffingwell, who now lives on a yacht at St. Petersburg, Fla., must give an accounting of that amount.

In a previous hearing Edwin Hamilton, Leffingwell's attorney, said the cash, jewelry, furs and securities held by Leffingwell were given to him by his mother before she died. Judge Schatz also ordered that \$13,500 of \$16,800 accounted for by Public Administrator John T. Dempsey be divided among the other four heirs. They are Mrs. Fay Amelung, St. Louis; Mr. and Mrs. Kelly Robinson, Los Angeles; and Mrs. Irene Jones, Springfield, Ill. All are co-heirs of Leffingwell.

KILLED AS CAR RUNS OVER EMBANKMENT

Menor City, Mo., July 13—(AP)—Mrs. Norma Lester, 21, Granite City, Ill., was killed today when an automobile driven by her mother smashed over an embankment near here on U.S. Highway 36.

The mother, Mrs. Verna Ballard, 42, also of Granite City, suffered back and shoulder injuries, extent of which were not immediately determined.

Officials said Mrs. Ballard apparently lost control of the vehicle.

Insane Killer Defies Guards On High Tower

Lima, O., July 13—(AP)—A murderer—wildly demanding protection for his family—defied state hospital guards today from a perch 130 feet up on a water tower.

Raymond Jutilla, 35-year-old patient of Lima State hospital for the criminal insane, clambered to the top of the hospital water tower this morning after a fruitless attempt to escape.

Twice during a day when the mercury hovered near 90 degrees, Jutilla ventured within 30 feet of the ground. Twice he promised to come down to the tower, then scampered back up the tower ladder, defiant and shrill.

"I'll stay up here two weeks if I have to," he shouted.

"What will you eat, Raymond?" asked Dr. R. E. Bushong, hospital superintendent.

"I've still got two candy bars," the Warren, O. man replied.

Hospital guards did not venture up the narrow ladder leading to the top. "Jutilla will get either tired, hungry or sleepy, and eventually he will come down," commented Dr. Bushong. "We'll wait him out."

But Jutilla showed no signs of weakening. "There's a nice breeze up here," he yelled with a laugh. His long penguin of dark hair blew in all directions as he spoke.

Once today Jutilla obtained a drink by cupping his hands inside the tower. Dr. Bushong immediately ordered the water level lowered eight feet.

Constantly Jutilla has asked to speak with Police Chief William Johnson of Warren, where he was convicted of first degree murder Dec. 24, 1935, with a mercy recommendation, in the rape-slaying of Mrs. Marie Tobin, 25.

Once he shouted: "Promise me that you'll let my family alone and I'll come down."

Guards promised. It had no effect.

NEEDS BRAKES FIXED; DRIVES THRU WINDOW
Garden City, Kas., July 13—(AP)—John Luther Fry drove his car to the garage to get his brakes fixed.

He turned into the motor company driveway and found he had no brakes at all. The vehicle hit a door post and broke a six by thirteen foot plate glass window in the showroom.

The garage promised to have the brakes repaired today.

Police Still Look For Bodies Of Air Disaster In India

Bombay, India, July 13—(AP)—Hundreds of police continued to search the jungle on Ghatkopar Hill today for the last of the bodies of the 45 victims of the Dutch airliner crash in which 13 American correspondents and a public relations representative were killed.

Ten more bodies were recovered today, bringing the total to 43. The plane, a Constellation, crashed in a monsoon rain storm yesterday while seeking to land 15 miles north of Bombay, at Santa Cruz airfield.

U. S. Ambassador Loy Henderson, accompanied by the naval attaché and four American newspapermen, arrived by plane from New Delhi.

He visited the hospital morgue where the bodies had been placed.

He identified the bodies of H. R. Knickerbocker, WOR radio commentator; S. Burton Heath of the News-Press; Charles Gratie, foreign editor of the Christian Science Monitor; Thomas A. Falco of Business Week; and Miss Elsie Dick of the Mutual Broadcasting System.

The American correspondents identified were Nat Barrows of the Chicago Daily News, Bertram Hulen of the New York Times, John Wiley of Time magazine, William H. Newton of Scripps-Haward Newspaper Alliance, and James Brannan of the Houston Post.

Finnish Heiress Leaves Hospital For Western Trip
Chicago, July 13—(AP)—The mother of an ailing Finnish heiress is coming to Chicago, hopeful of finding her daughter back in the hospital from which she disappeared Sunday.

The girl, pretty, 21-year-old Sirkka-Koski, of Jyväskylä, Finland, left St. Luke's hospital Sunday on a pass. Nothing more was heard of her until a wire came from Cheyenne, Wyo., yesterday saying she was safe and returning to the hospital.

"We haven't heard a word, since the wire yesterday," said a hospital spokesman. "It said she was returning but did not say when or how."

"She's perfectly normal and as far as the hospital is concerned, she's a free agent."

Mrs. Annabelle Unger, a Chicago friend of Miss Koski, said she was in touch with the girl's mother in Finland and had cabled her last night that it was necessary for her to come to Chicago. She said she expected the mother to come to the U. S. immediately and planned to meet her in New York.

Hopes Of Trial Run On Farm Plan Chilled By Leaders

Washington, July 13—(AP)—The administration's hopes for a "trial run" of crop subsidies for farmers were chilled today when several influential Democratic House members joined Republicans in demanding a year's extension of the present farm price support system.

Rep. Gore (D-Tenn.), Rep. Cox (D-Ga.) and chairman Sabath (D-Ill.) of the rules committee, were among the Democrats who assailed the administration's plan.

Gore, who usually is counted an administration supporter, introduced a substitute bill to continue the present farm law through 1950. Then the rules committee cleared the rival administration bill for House debate. In doing so, however, it stipulated that the House be given an opportunity to vote on Gore's substitute, too.

The present law, which Gore wants retained, provides rigid support of major crops at 90 per cent of parity. Parity is a level calculated to give farmers a purchasing power which is fair in relation to the prices of the things they buy.

Report Passenger Fight Not Cause Of Plane Disaster

Los Angeles, July 13—(AP)—It was not a fight between passengers but the pilot's low flying that killed 35 and injured 14 in the fiery crash yesterday of a non-scheduled airliner, preliminary investigation indicated today.

Surviving Stewardess Charlotte Grenander, 23, told officers that it was only a one-punch fight and named Frank Conway of Albany, N. Y., one of the 35 dead, as the man who threw it. What started it has not been determined.

The incident occurred an hour or so before the crash, and there was no trouble after the pilot, Capt. Roy G. White, came back and talked to Conway, Miss Grenander told Dist. Atty. Arthur Waite of Ventura county.

White then returned to the controls, radioing the Burbank air traffic tower to have police meet the plane when it landed. But it crashed within 25 minutes at about the 1,800-foot level in rugged Santa Susana mountains.

The plane was on course for landing at Burbank, said James Peyton, regional Civil Aeronautics Board chief, except that it was "too low." The officially prescribed altitude is 5,000 at that point.

Ask Dismantling Of Reich Be Done To Avoid Misery
Chichester, England, July 13—(AP)—The central committee of the World Council of Churches today adopted a resolution urging that the dismantling of factories in Germany be handled so as to avoid the danger of "mass misery and unemployment."

The committee is holding a six-day conference on world church problems. It represents Protestant and Orthodox church groups in 44 nations.

The resolution was adopted after Pastor Martin Niemöller of Berlin had declared the present policy of dismantling is a "crime against humanity."

Niemöller, an Evangelical church leader who served as a U-boat commander in the First World War and spent seven years in a concentration camp for his opposition to Nazism, said "I would have had a bad conscience if I had gone home without putting my finger on this matter."

Jennifer Jones, David O. Selznick Wed Aboard Yacht
Genoa, Italy, July 13—(AP)—Jennifer Jones, star of "The Song of Bernadette," and film producer David O. Selznick, her boss, were married at sea today—then had a retake ashore.

Mayor De Filippis of Portofino announced the two wed this morning aboard a rented motor yacht off the Italian Riviera, saying the vows before their British Captain, Ernest J. Stroud.

Rudy Crespi, wealthy Italian friend of the couple, confirmed the announcement. Crespi gave a wedding reception aboard his own yacht.

A City Hall ceremony was held in Genoa later. Dr. Paolo Lucarelli, the city's chief of vital statistics, officiated. U.S. Vice-Consul Peter Rutter was a witness at the union of the film magnate and the dark, vivid star who began theatrical work as a child in her parents' tent show.

Other witnesses were producer and Mrs. Leland Hayward and French actor Louis Jourdan and his wife, Arabella Le Maître. All four were witnesses also at the rites aboard ship.

The couple left by yacht later for the French Riviera.

Fliers Prove That 'Seat Ejection' Bailouts Are Safe
Washington, July 13—(AP)—Two airmen have proved that a gadget for literally shooting pilots out of high-speed jet planes really works.

The air force announced today that "seat ejection" parachute bailouts were conducted in recent tests from planes flying more than 550 miles an hour over San Pablo Bay near the Hamilton air base in California. An air force captain and a staff sergeant, both assigned to the T-1 Material Command headquarters at Wright-Patterson Field, Ohio, volunteered for the tests.

A pilot attempting to jump from a jet plane with a conventional chute is in danger of becoming entangled with the plane or of being injured by the blast of air as he climbs out of the cockpit to make the jump.

President Hits Advocates Of Economy In Radio Talk

New York, July 13—(AP)—Mayor William O'Dwyer announced today he will run for a second term after all. For two months he has been saying he wouldn't.

The announcement, which was no surprise after several days of unprecedented backing and filling in one of New York's worst political tangles, came less than 24 hours after O'Dwyer had conferred with President Truman in Washington.

Neither the President nor the Mayor commented on that meeting, but a White House aide said it had to do with "the general political situation in New York."

O'Dwyer's decision to seek re-election thus was widely interpreted as a part of Democratic strategy to present the strongest possible ticket this fall, with a U. S. Senate seat as well as control of City Hall at stake.

ARMY BANISHES THE FOLD-UP GARRISON CAP
Washington, July 13—(AP)—The army has banished to the Bon-docks that handy, fold-up head-wear, the Garrison cap.

An order, effective July 1, includes among other uniform regulations instructions that the overseas (technically called the garrison) cap will be worn only in field maneuvers. At all other times the flat-topped, visored service cap will be worn by officers and enlisted men.

Englishwoman Too Late For Funeral Of Slain Daughter
Chicago, July 13—(AP)—An Englishwoman who flew here too late to attend the funeral of her slain daughter found comfort today with her two orphaned grandchildren. But she won't seek their custody.

The tragedy which brought Mrs. Viola Elizabeth Bates, 45, of Rugeley, Staffs, England, here by plane from Britain was the slaying of her daughter, Betty, last Friday by Betty's husband, Frank Gager. Gager killed himself after shooting his British war bride.

The Gagers left two children, Dennis, 41, born in England, and Roy, 3, born here. The youngsters' paternal grandmother, Mrs. Anna Gager took them to her six room apartment. It was there Mrs. Bates watched them playing today.

Mrs. Bates' decision to leave the children with Mrs. Gager was announced by M. S. Martin Gager, a sister-in-law of the slain woman, who said the English grandmother was too "ill" to talk with newsmen.

Robber Gets Cold Feet, Backs Down On Holdup Attempt
Chicago, July 13—(AP)—An armed robber used a Waigren Drug company office clerk as a shield in going after an \$18,000 payroll today, but gave up the robbery when the clerk said three detectives were guarding the money.

John Anderson, 38, the clerk, said the robber, wearing a stocking mask, entered a window and demanded, "Where's the money?"

This was less than two minutes after the cash had been delivered to the office, counted and taken to the next floor cashier's cage.

The robber forced Anderson to lead the way. Going up the stairs, Anderson said he remarked that three armed guards were watching the money.

The robber then forced Anderson back down the stairs, pushing another office worker out of the way, and exited through the window, using a ladder to reach the ground.

Police said the robber worked with three companions who waited outside in a car and a green-paneled small truck. They put the ladder in the truck and fled.

House Of Commons Backs Emergency Degree Of Britain
London, July 13—(AP)—The House of Commons tonight backed, 435 to 4, a state of national emergency decreed by the government to deal with the wildcat London dock strike.

Commons also approved, 412 to 4, regulations by which the government virtually under martial law yesterday.

The emergency proclamation, first since the general strike of 1926, is valid for a week. Parliament can extend it to a month.

Prime Minister Attlee earlier had called for a fight to the end with the strike leaders. He told the commons the government would not tolerate dictation by "communists and fellow travelers."

Man Drowns As He Swims To Raft
Antioch, Ill., July 13—(AP)—A Chicago man, swimming with his wife to a raft in Charnel lake, failed to make it today and was drowned.

Three hours later rescuers with grappling hooks recovered the body of Victor W. Koreva, 30, of 7748 Marilyn avenue, Chicago. He was Lake county's 15th drowning victim this summer.

Channel lake, west of Antioch, is one of the Chain O'Lakes made by the Fox river.

Says Business In U. S. Can Be Expanded

Washington, July 13—(AP)—President Truman lashed out at economy advocates tonight, linking them with "selfish interests" who he said will drive the country "into a ditch," if they get their way.

But he said that even though many people "would like to have a depression for political reasons," the nation is not now in a depression nor does it face the prospect of one if the "selfish interests" are thwarted.

"The tools are at hand for continued economic expansion," Mr. Truman added. "All we need is the courage to use them."

He provides tools
He made plain he felt the tools were provided in the economic kit he handed to congress in a special message on Monday. They provide for expanded social welfare programs, government aid to spur lagging businesses and steps to ease the unemployment problem.

In a special "fireside chat" with the American people—via the radio and television—the President tonight defended his controversial plan for a temporary period of deficit financing (operating in the red) to stem the recession.

1. The \$42,000,000,000 outlay he has budgeted for the current fiscal year is not a "waste of money" as he said the cut-federal-spending advocates charge. Rather, he said, it is an "investment in the future of America" which will pay "untold dividends in human happiness."

2. If those expenditures are slashed "we will decrease employment, cut down investment, weaken our defenses and injure our efforts for peace."

The President then went on to give an itemized accounting of the government's spending plans. He said \$32,000,000,000 dollars of the total budget are allotted for paying the costs of past wars or for "insurance" against a new one in the form of defense outlays and the European recovery program.

"If anyone thinks it extravagant to maintain the peace," Mr. Truman said, then they should remember the fact that it cost "100 billion dollars to conduct the last war."

Then in a cautiously worded hope for an early peace, Mr. Truman said:

Will Lower Foreign Aid
"I do not believe that our defense and international expenditures will have to remain at their present high level indefinitely. I hope that they may be reduced as our program for peace takes effect."

"But, as of today, I regard these expenditures as the most valuable insurance we can take out against the enormous expense and the terrible loss of another war."

Turning to the domestic phases of the administration program, Mr. Truman said the remaining \$10,000,000,000 of the budget total provides for all other functions of the government such as public works, farm price supports, education, and housing projects.

"For a country of this size, with a \$200,000,000,000 economy," he said, "\$10,000,000,000 for such essential programs is a reasonable sum indeed."

But he declared that the "selfish interests" are striving to cut down those expenditures just as they put through the \$5,000,000,000 tax slash in the 80th congress and blocked administration plans to combat inflation.

Lewis Postpones Contract Talks
Washington, July 13—(AP)—John L. Lewis today announced the postponement of contract negotiations with northern and western soft coal operators at White Sulphur Springs, W. Va., until July 26.

The delay in resuming the White Sulphur talks, scheduled for next Tuesday, followed the recessing of negotiations with southern coal operators at Bluefield, W. Va., until July 26.

Lewis said postponement of the north-west meeting, which he called a "national bituminous joint conference" was "to meet the convenience of the negotiating representatives of the United Mine workers."

**4-H AND LITTLE
MERCHANT ACHIEVEMENTS**

4-H clubs are very much in the news these days—and its welcome news to observant Americans. The story of the 4-H movement and its incalculable contribution to rural life is a perennial success story.

Here at Jacksonville the first camping period has just terminated at the Western Illinois 4-H camp being built at Lake Jacksonville. The second contingent is there now, having a grand time, but doing a lot of work that will make the camp a real place for future members.

The first session was greatly handicapped, despite the great amount of labor expended in planning and building. The water supply was cut off when the supply pipe was dropped by unlucky workmen. After the pipe was fished out and the pump turned on, the well proved totally inadequate.

This misfortune would have stymied most camps, but the directors and 4-H members camped anyway. And had a good time of it.

Reports from down Carrollton way say the exhibits shown by the 4-H boys and girls are the cream of the current annual Greene county fair. That's nothing unusual. 4-H entries have a habit of walking away with the blue and purple ribbons not only at the Greene county fair, but at every livestock exposition in the land.

The 4-H movement is the happy blending of youth's enthusiasm, plus the love and interest of the parents. The successful 4-H competitor gets his name, and often his photograph, in the paper. But a study of his home life and his adventures with his project always reflects the interest and the encouragement that has come from the parents.

It's too bad there isn't a comparable organization for the youth who lives in the city. True, the playground associations and other youth movements functioning in nearly every city are fair substitutes, but their programs are dedicated to play and craftwork. Critics call such programs "timekillers." This feeling is unjust, for there simply isn't the space in a city for a well-rounded project set-up for the youth.

The nearest approach the city can offer is the newspaper carrier system. A study of its history and the men who received a part of their early training on a newspaper route is stimulating reading.

Through his work the carrier learns much about people. Under the Little Merchant plan he learns much about business procedure. He soon discovers there's more to the job than slinging a newspaper from a speeding bicycle. He learns tact, courtesy, resourcefulness and the need for industry and diligence.

There is a striking parallel between the rural boy's achievements in 4-H and the city boy's success as a paper carrier. In all cases, "the best boys" are those whose parents are proud of their children and interested in their development; parents who help their children over rough spots and encourage them to look upon life as a glorious challenge.

The picture, taken from the peak of one of the highest points, shows the road between Arenzville and Meredosia. It skirts the foot of the ridge along the curving margin of a long-gone lake.

The bed is now rich farmland which produces rich food crops annually. But it still looks like a lake; the strips of corn, wheat, oats and soybeans resemble the varying color strips seen when deep lakes are viewed from high altitudes.

Virginia S. Elfert, former Arenzville resident and a leading authority on Illinois bird life, is now the editor of the Living Museum published by the Illinois State Museum at Springfield.

A recent issue of her magazine carried this story, entitled "Once Upon a Time There Was a Lake."

A long, long time ago when the ancient glaciers finally departed from Illinois and left it wet and muddy and set with many lakes and enormous rivers, there was a broad body of water in which is now the middle Illinois River valley. Most of the water has long since disappeared, though sometimes the Illinois River rises so high in flood that it seems to be attempting once again to fill its old lake bed.

**Livestock Judging
Contests Thursday
In Greene County**

Carrollton.—The annual livestock and dairy judging contests for 4-H club members of Greene county will be held Thursday and Friday at the fairgrounds in connection with the 94th Greene County Agricultural Fair which opened Monday at the Greene county fairgrounds on Route 103. 4-H club members are urged to participate in the contests. The three highest scoring individuals from each club will constitute a team of Glasgow.

The exhibits of the 4-H club members of the county are again contributing to the success of the fair with entries in all departments well filled. Monday was given over to the work of receiving and placing exhibits. No special program planned. A pulling contest was staged in front of the grandstand during the evening.

About 88 per cent of all the coal mined in the United States comes from Pennsylvania, Ohio, Indiana, Illinois, Virginia, West Virginia and Kentucky.

MR. AND MRS. DALE DECKER

A double-ring ceremony which took place Friday evening at Central Christian church united in marriage Miss Helen Heavner and Dale Decker.

The bride is the daughter of Mrs. Margaret Heavner of Chicago, formerly of this city. Mr. and Mrs. Dale Decker of Virginia are the bridegroom's parents. The couple are now on their wedding trip, after which they will be at home at 849 Hardin avenue.

**HOME BUREAU MEETING
HELD IN MANCHESTER**

Manchester — Manchester Home Bureau held its July meeting recently at the home of Mrs. Wesley Goacher, with Mrs. W. G. Westley, president, presiding.

Reports were presented by vice chairman, Mrs. Russell Chapman; health chairman, Mrs. Don Barnett; and program chairman, Mrs. William Andras. A demonstration was given by 4-H girls and their leader, Mrs. Stone.

Refreshments were served. The next meeting will be a family picnic Aug. 7 at 6:30 p.m. at the Floyd Funk residence.

VISITING FRIENDS

Mrs. Florence Swales of Carbon-dale is visiting with Mr. and Mrs. P. G. Stein, 230 Caldwell street, and other friends.

POLICE ROUNDUP COSTLY

Bangkok.—It cost \$150,000 to round up between 60 and 70 suspects in the Feb. 26 plot against Premier Phibun's government. Lt. Gen. Lunag Chart Trakorn Kosol, director general of the Police Department, reported that a big part of the cost was for the service of informers.

From where I sit... by Joe Marsh

Windy Sure "Stopped The Show!"

The other night a bunch of us were over at Judge Cunningham's watching a swell vaudeville program on his new television set. It came in fine, but just once, the screen got a little streaky.

Before the Judge could touch the knob to bring it into focus, old Windy Taylor starts fooling around with the antenna connection. "I can fix that!" he says.

Windy fixed it all right. He "stopped the show" for us, and Buzz Ellis had to come over and do a \$20 repair job. I understand

Windy feels so bad, that he's paying the bill and has apologized to the Judge for acting so smart.

From where I sit, it pays to practice a little restraint whenever we get the urge to meddle. Whether it's television or a person's right to enjoy a temperate glass of sparkling beer now and then—let's get a good clear "picture" of the real situation before we cause more harm than good.

None of the other occupants was injured. The men were enroute to their work and were traveling north on a gravel road in the Bethel vicinity when they met another car going south. The transport driver, Leonard Eden, applied his brakes to permit the other car to pass on the narrow road and the transport turned over on its side. Three of his companions fell on top of Jones and he suffered minor bruises of the muscles of his back.

Boogie Woogie Worries Reds

Berlin—(P)—The Communist press in eastern Germany is troubled about imported jazz. One contributor to the "Neues Deutschland," official organ of the Russian-backed Socialist Unity (Communist) party, branded jazz as a "trash export article." He complained that even Russian-controlled radio stations in the eastern zone play boogie-woogie and similar stuff. This started a debate on the subject in Red papers.

Warn Picnickers To Guard Against Food Spoilage

With the summer picnic season well under way, vacationers are flocking to parks and picnic areas every day with their basket dinners. A word of warning to picnickers, to guard against possible food spoilage in warm, humid weather, has been given by Miss Mildred Seeman, Morgan-Scott home adviser.

For picnic fare, select foods that have good keeping qualities. When temperatures run high, spoilage can develop in a very short time. Frequently, it is not detected until illness occurs.

All creamed foods—milk and egg combinations—should be avoided unless they can be refrigerated or kept thoroughly chilled. Potato salad and sandwich fillings prepared with mayonnaise or salad dressing spoil very quickly when the weather is warm and humid. All meats, poultry, fish and seafoods are on the questionable list unless their temperature can be controlled.

Ways to Save

If you were a South American Indian from the upper Sipi River in western Colombia, your "savings" would consist of sun-dried cuca leaves, which you would be most careful to dry. Dried cuca leaves have a market, or "savings" value because when they are chewed they make you almost tireless at work — constantly adding to your strength.

Savings at Jacksonville Savings & Loan Assn. are somewhat like cuca leaves. They constantly add to themselves by earning a profit. And too, they "stand by you" in time of need.

Four Greene Co. Girls To Model At State Fair

Carrollton—The annual Greene County 4-H club day was held in the basement of the local Baptist church, at which time the work of the 4-H club girls in all departments was presented for judging. One hundred and seventy-one garments made by the girls were judged and 150 girls wore their dresses in the style revue. Of this group, Miss Barbara Thibault, Miss Ina Brock, Miss Dolores Suttles and Miss Shirley Davy were selected to represent Greene county in the style revue at the State fair to be held in Springfield in August.

The alternates are Miss Dorcas Schroeder, Miss Opal Schild and Miss Doris Williams and they will also attend clothing classes at the State fair. Girls whose dresses were selected for exhibition at the State fair, but who will not model them are Miss Carol Ann Davis, Miss Gladys Goode and Miss Carole Kinser. The demonstration team selected to represent the county at the State fair is comprised of Miss Mary Sue Thibault and Miss Phyllis Reynolds, whose demonstration of "Biscuit Tricks" won them the honor. All of the 4-H club girls will model their garments in a style revue to be held Friday evening at the Greene County fair.

MINNESOTA GUESTS FETED AT SUPPER

A potluck supper was given Sunday evening in honor of Mr. and Mrs. Glen Greenings of St. Paul, Minn., who are visiting with Mrs. Greenings' parents, Mr. and Mrs. Carl Bean. Those present were Mr. and Mrs. Leslie Leib, Mr. and Mrs. James Edmonson and son, Mr. and Mrs. Burl Merriman and family, Mr. and Mrs. Cordell Moore, Mr. and Mrs. Watson Taylor, Mr. Middendorf, Mr. and Mrs. Clyde Baird, Mr. and Mrs. Clarence Cox and family, Mr. and Mrs. Clifford Kilver, Mr. and Mrs. Muri Hardy, Mr. and Mrs. Earl Claywell, Mr. and Mrs. Carl Bean and Miss Freida Reuter and the honored guests, Mr. and Mrs. Greenings and sons.

Paul Young Gives Convention Report

Virginia—The regular meeting of the Virginia Kiwanis club was held in the Legion hall on Monday evening, with president Paul Young reporting on the recent convention. Robert Hierman gave a report on the progress already made by various committees of the 4-H club show. From all indications, this year's show promises to be the best yet, he said. William Yapple gave a report relative to the camp site at the city waterworks for the Boy Scouts. President Paul Young gave an interesting account of the International Kiwanis convention, held at Atlantic City on June 19 through 22. He also told of his trip which took him from Atlantic City to New York, Buffalo, Niagara Falls, Detroit and Chicago. On Wednesday, July 20, in the Virginia high school, 4-H Home Economics Club members are holding their annual achievement day. The public is invited to attend.

Criminal Bureau Officers Arrive

Jerseyville—Members of the Illinois Bureau of Criminal Identification and Investigation arrived here Monday to cooperate with the office of Sheriff C. E. Wedding in investigating a number of robberies and thefts in the Jersey county vicinity during the past two weeks. Among robberies to be checked were those of the Clearview Tavern in the Brighton vicinity and the Plummer Tavern in the Rosedale Township area. Removal of parts from tractors and farm machinery of Jersey county farmers was also to be checked carefully.

Blankenship Store
Being Remodeled

The Blankenship store on the East Side of the Square is being remodeled and renovated in preparation for the adoption of a new company-wide policy. The company, which operates a chain of stores, is liquidating its stock of men's dress and work shoes and will handle only ladies and children's shoes, in addition to a complete line of ladies' wearing apparel.

Alfonse Oberer, head of a store designing firm with offices in St. Louis, Chicago and New York, has designed the store to become a completely modern shopping center. Modern in-direct fluorescent lighting will illuminate new hang-rod cases that will blend harmoniously with the soft pastel colors of the walls.

The cases and glass shelving will put merchandise where it is easily accessible to customers. Shadow boxes will display the ladies and children's shoes. Shoe shelving will be completely concealed at the rear of the store, the back wall of which will be covered with bright, contrasting floral design wall-paper. The designer has emphasized the modern feminine touch throughout to make the store comfortable and appealing to all.

London Weekly Shows Big Gain

London — (AP) — The London feature weekly "Reveille" boosted its circulation from 80,000 to over a million in five and a half months after the government dropped restrictions on newspaper sales, officials of the paper said.

"Reveille," which was a weekly for servicemen during the war, was revamped for general circulation two years ago when its founders were bought out by owners of the mass circulation "London Daily Mirror" and "Sunday Pictorial." The circulation increase, one of the most spectacular in Fleet Street history, started in January when the restrictions were ended. Sales figures rose to 800,000 in the first three months of the year.

"Reveille" had a staff of 12 when the Mirror-Pictorial interests took it over from Hipwell Publications for about \$280,000. It now has a staff of 60. The tabloid-size 16-page paper specializes in featured news and

photos ranging from animal pet pictures for children to busy "cheese-cake" for grandpa and the lads at Eton. Gardening, fashion and home-making columns are featured.

PRESSING BUSINESS FOR POLICE

Chicago — (AP) — Alderman John Hoellen has introduced a proposal that the city give policemen \$100 a year to keep their uniforms cleaned, creased and in good shape. "Chicago has one of the poorest dressed police forces in the country," Hoellen said. "It's important from the standpoint of morale and pride that the force be dressed up."

LUCKIES ARE A FINER CIGARETTE!

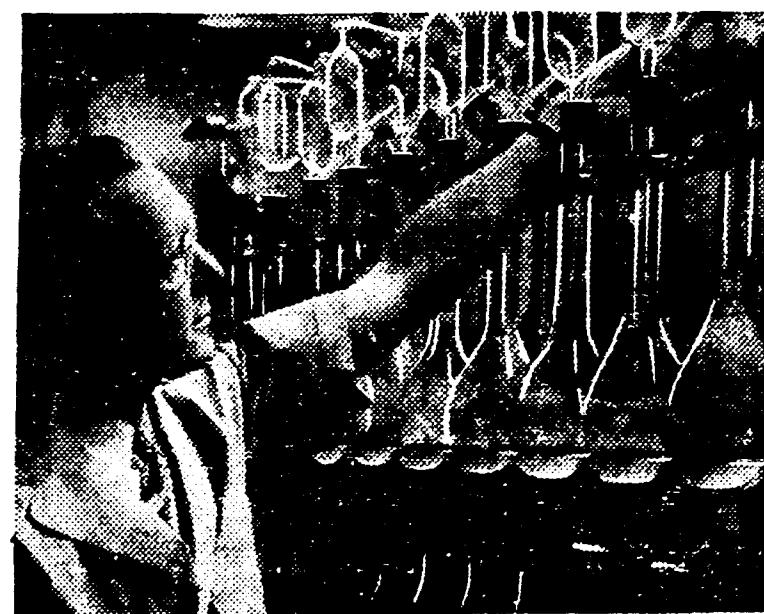

Constant research at Lucky Strike's famous cigarette laboratory—America's largest and most completely equipped—is devoted to giving you a finer cigarette!

THERE is no finer cigarette in the world today than Lucky Strike. Here's why: Lucky Strike means fine tobacco. And every step in the making of Luckies—from before this fine tobacco is bought until the finished cigarette reaches you—comes under the watchful eye of the largest and most completely equipped cigarette research laboratory in America.

For many years, the famous Lucky Strike laboratory in Richmond, Virginia, has been a center of cigarette science and technology. In this remarkable building you can see a fascinating collection of scientific instruments—microscopes, spectrophotometers, balances, projectors, humidification chambers, and many other complicated and costly machines.

Working with this array of scientific equipment are more than 60 highly trained specialists—chemists, biologists, engineers, physicists. They work on tobacco, on finished cigarettes, on paper, foil, cellophane and even printing inks. For Lucky Strike scientists have for years delved into cigarette research on an extensive scale.

Today, because of the miracle of modern science, Lucky Strike is a finer cigarette.

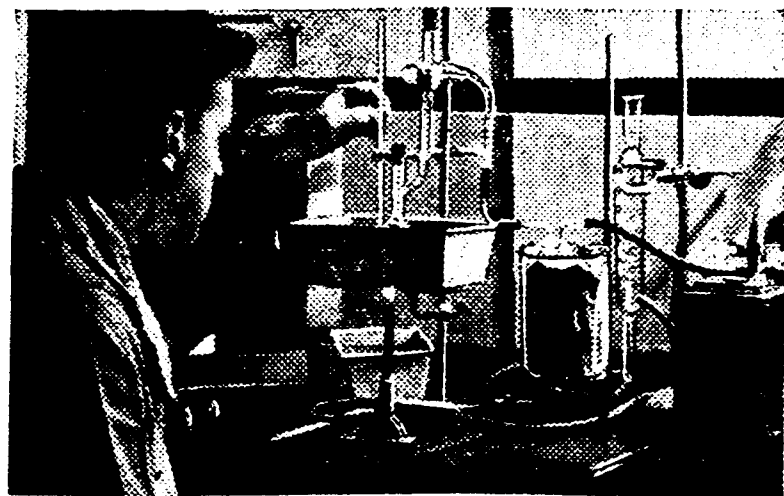

Testing tobacco. Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine, light and mild. No wonder Luckies are a finer cigarette.

Luckies stay fresh. After Lucky Strike cigarettes have been packaged, they must be tightly sealed to remain fresh. Here you see the cellophane seal being tested for air-tightness. Such instruments are in constant use at every plant.

MacMurray Drama Group To Present Suspense Play

The summer theatre and radio workshop of MacMurray will present its final production, "The Lady Who Came to Stay," at the Little Theatre Friday, July 15, at 7:30 p. m.

The play, a mystery melodrama written by Kenneth White, centers about the three weirdest sisters known to drama since "Macbeth." Katherine, a concert singer, is forced by illness and poverty to seek refuge with the three old-maid sisters of her dead husband. She takes Ann, her seventeen year-old daughter,

ter, with her, and leaves her other child, Roger with friends. The three sisters—Emma, Phoebe, and Milly—resent Katherine. But it is half-mad Phoebe who really hates Katherine. Emma is hard, but just, and Milly is a weak flibberty-gibbet. The plottings of the three sisters to drive Katherine to her death, and to make Ann a neurotic, makes the play a psychological drama full of eerie suspense. The intricate lighting and sound effects make it even more weird.

The play is under the direction of Ray E. Holcombe and features talent from six states. From Illinois are Jo Ann Winstead, Jacksonville, Donna Lee, Mt. Vernon and Ida Oderkirk, DeKalb.

Two of the cast from Michigan are Suzanne McIlvaine, Detroit, and Gertrude Taylor, Kaper. Representing Wisconsin is Donna Wenger, Monroe; from Missouri, Carole Rowe, Kirkwood; Indiana, Joan Sheffer, Portland; and Iowa, Marilyn Miller, Monticello. Nancy Lund from Warren, Ill., is stage manager, and Martha Donnelly from Lincoln is the lighting effects and properties manager.

Contractors Plan To Begin Work On Concord-Cass Road

The Rockford Blacktop Construction company plans to move its equipment to Morgan county this week to begin work on the road between Concord and Arenzville. County Highway Superintendent M. J. Benscoter announced Wednesday. Stretches of the road, and at times all of it, will be closed during the construction period, which is expected to be completed by Sept. 1.

The company will lay a seven-inch stabilized crushed stone base for the 4.1 distance from the village limits of Concord to the Cass county

line, the village limits of Arenzville. The contract calls for the application of 7,605 cubic yards of additional surfacing to the stretch.

The county will apply a bituminous top after the base is completed.

Considerable work is planned for Arenzville hill, the road's long-time trouble spot. The superintendent hopes that new drainage lines and an extra-thick stone base on the hill will preserve this section of the road.

VA Authorizes Payment Of G.I. Insurance Checks

Information has been received in the home service department of the Morgan County Red Cross chapter which will be of interest to all World War II veterans and servicemen who purchased National Service life insurance before Jan. 1, 1948.

Payment of a special National Service life insurance dividend of \$2,000,000,000 has been authorized by the Veterans Administration on about 20,000,000 policies. It will include most policies which have been in force for three months or more before Jan. 1, 1948.

The Veterans Administration hopes to start distribution of checks in January, 1950, and complete distribution within six months. A special application form is being prepared which the Veterans Administration expects to have available for distribution in early fall.

Payments will be due the person insured or, if deceased, to the beneficiary of the policy. If the insurance has lapsed, dividend payment will be made to the person whom the Veterans administration finds to be entitled. Individual payments will, in general, vary with the amount of the policy and the number of premiums paid. Payment will be made in cash only.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 13—(P)—Hogs, at 25 to 50 cents higher prices today, matched their peak since Jan. 10 at \$22.50. The same price was paid June 1. Cattle were steady to 50 cents lower, however, and sheep unevenly strong to 50 cents less.

Most good and choice barrows and gilts sold from \$19.25 to \$22.25 and sows from \$17.75 to \$17.75. A few of the latter class made \$18.

High-choice steers went as high as \$28.25 but most good and choice sold from \$25 to \$28. Choice heifers were practically absent, medium to good kinds taking \$22 to \$26. Good cows topped at \$20, sausage bulls at \$23.50, and vealers at \$26.

Most native spring lambs sold from \$25.50 to \$26.50, the peak, while slaughter ewes ranged downward from \$9.50.

Included in the salable receipts were an estimated 8,500 hogs, 11,000 cattle, 500 calves, and 800 sheep.

New York Stock Market

New York, July 13—(P)—A general advance in the stock market today carried prices fractions to more than 2 points higher.

The upturn late in the day was accompanied by a heavy trading that pushed the volume to the rate of around 1,000,000 shares for the entire day.

Rails, steels and motors were the best groups with oil getting a comfortable share of attention. Bonds were a bit higher with trading light.

Markets At A Glance

Parker And Gonzales Go To Quarter-Finals In Clay Court Tennis

Chicago, July 13 —(P)—Veteran Frank Parker, gunning for his sixth title, advanced to the quarter-final round of the National Clay Courts tennis championship today and Pancho Gonzales, a fellow Californian, moved ahead of him.

Parker, the steady man of 20-years of tournament tennis, blasted Clarke Taylor, Chapel Hill, N.C., 6-1, 6-3, 6-1, in a third round match at River Forest Tennis club. The Los Angeles ace, who won the Spring Lake, N.J. invitational singles title on Monday for the 10th time, played under wraps today and let Taylor make the errors.

Gonzales, the defending champion, also from Los Angeles, eliminated Keston Deimling, Jr., of the Host club, 6-1, 6-0, 6-2. Gonzales, seeded No. 1, had too much speed for his less experienced foe and forced him into many errors.

Parker is seeded No. 2. He was absent a year ago when Gonzales won the title.

Dandilly Defeats Sprinters In Rich Myrtlewood Race

Chicago, July 13 —(P)—Dandilly, a 4-year-old filly, trounced a field of seasoned sprinters, including Kentucky Derby winner Ponder, in the \$27,450 Myrtlewood Handicap at Arlington Park today.

Ponder, ninth and last most of the way, closed gamely in the six-furlong race, but couldn't do better than fourth in his first start since the Belmont stakes June 11.

After forcing the pace of With Pleasure, W. E. Caskey's Dandilly rushed to the front near the sixteenth pole to win by three and one-half lengths. Dandilly's time was 1:10 4/5.

With Pleasure, carrying 119 pounds to the winner's 108, finished second and Maine Chance Farm's Royal Blood took third, staving off Ponder's stretch bid.

Dandilly, bred by Lexington, Ky., owner, paid \$134.00. \$6.00 and \$42.00. With Pleasure returned \$6.00 and \$46.00. Royal Blood's show price was \$6.40.

Jockey N. L. Person handled the lightly-burned Dandilly adroitly, especially in the stretch where the daughter of Roman-Cadenza drew out fast. The victory paid \$18,650 to Owner Caskey.

Woodford Farm's Delegate, high weight of the field at 124 pounds and a 9 to 5 favorite finished seventh after faltering in the stretch run.

The race was witnessed by 17,923 fans, largest week day crowd of the Arlington meeting.

In the day's fifth race at a mile Mrs. Ada L. Rice's Admiral Lea earned a chance to start in the \$80,000 Arlington Classic on July 30 by easily defeating five other 3-year-olds.

Former Champs, Darkhorse Advance In Women's Golf

Champaign, Ill., July 13 —(P)—Three former champions advanced and a formidable dark horse hampered a new course record today in the second round of the 16th Illinois women's state amateur golf meet at Champaign Country club.

Mrs. H. O. Breault of Chicago blazed to a 7 and 5 verdict over Ruth Tenk of Quincy and then completed 18 holes for a medal of 36-38-74, two under the course mark of 76 established in the 1938 state meet by Eleanor Dudley of Chicago. Tourney par is 36-38-76.

Defending champion and three-time winner Ruth More of Pekin turned back Margaret Muench of Chicago, 4 and 3.

Two-time champion Marjorie Lindsay of Decatur, obviously the gal to beat in this meet, whipped Gladys Stines of Aurora, 7 and 5.

The third ex-titleshielder to win was Mrs. Clyde Webb of Centralia, very first champion of the tourney as Dorothy Foster in 1934, who spanked Virginia Ingram of Chicago, winner in 1942, by a 6 and 5 margin.

Hottest scrap of the day was an extra-hole session in which Mrs. Dwight Anneaux of Chicago edged Natalie Bering of Decatur, 1 up on the 20th green. Miss Bering won the 16th and 17th holes to square the match, but three-putted on the 20th as Mrs. Anneaux strokes par to win.

Co-medalist Tommie Riley of Champaign, 18-year-old "veteran," had to turn on the pressure to defeat Mrs. F. W. Zimmerman of Chicago, winning the 15th, 16th and 17th holes for a 2 and 1 triumph.

In other second round matches, Verna Bongart of Champaign defeated Betsy Downs of Urbana, 7 and 5, and Martha Baker of Chicago, who turned back Mrs. Delores Lehr of Springfield, 5 and 4.

Tomorrow's quarterfinal round will produce a meeting of ex-champions, Miss More and Mrs. Webb, and an all-Champaign scrap, Miss Riley vs. Miss Bongart.

The other two quarterfinal tiffs send Miss Lindsay against Miss Baker and Mrs. Anneaux against Mrs. Breault in an all-Chicago showdown.

The semi-finals are scheduled Friday and a 36-hole finale on Saturday.

Black Drops 1-0 Decision To Bucs As Indian Hurler

Cleveland, July 13 —(P)—Pitcher Don Black attempted to show the Cleveland Indians tonight he still belongs in the big leagues and dropped a 1-0 decision to the Pittsburgh Pirates.

Hurling his first regular game since he was felled by a strange ailment with St. Louis, Black worked brain injury last September during the first two innings of the exhibition contest.

A crowd of 33,470 watched him walk four men, allow two doubles and a single. Stan Rojek scored the one Pittsburgh run on Pete Castiglione's single in the second. Double plays saved further worry in both innings.

Jay Cees Forced To Change Plans For Baseball Trip

Virginia — The Virginia Junior Chamber of Commerce has announced a change of plans concerning Virginia Day at Sportsman's Park. Instead of the one day trip originally announced for July 28 the kids will get to see the Boston Braves versus the St. Louis Cardinals on August 4.

A recent communication from the Cardinal officials stated it would be impossible to accommodate any large groups on that day as tickets are practically all sold already. Cardinal President Fred M. Saligh was contacted by Jay Cee representatives and he has made arrangements for 25 kids to attend the game on August 4. This is only a third of what the Jay Cees had planned to take.

The trip which is in cooperation with the Jacksonville Jay Cees has had several setbacks. The Jacksonville club has been limited to 175. Original plans were to take approximately 1,000.

The local club has expressed its appreciation for the cooperation the people of the community who have offered the use of their cars to make the trip. More than enough cars have been volunteered. Registration for the trip was begun at the playground on Wednesday of last week and consequently the list was filled in a short period of time.

Al Dark Rejoins Boston Braves

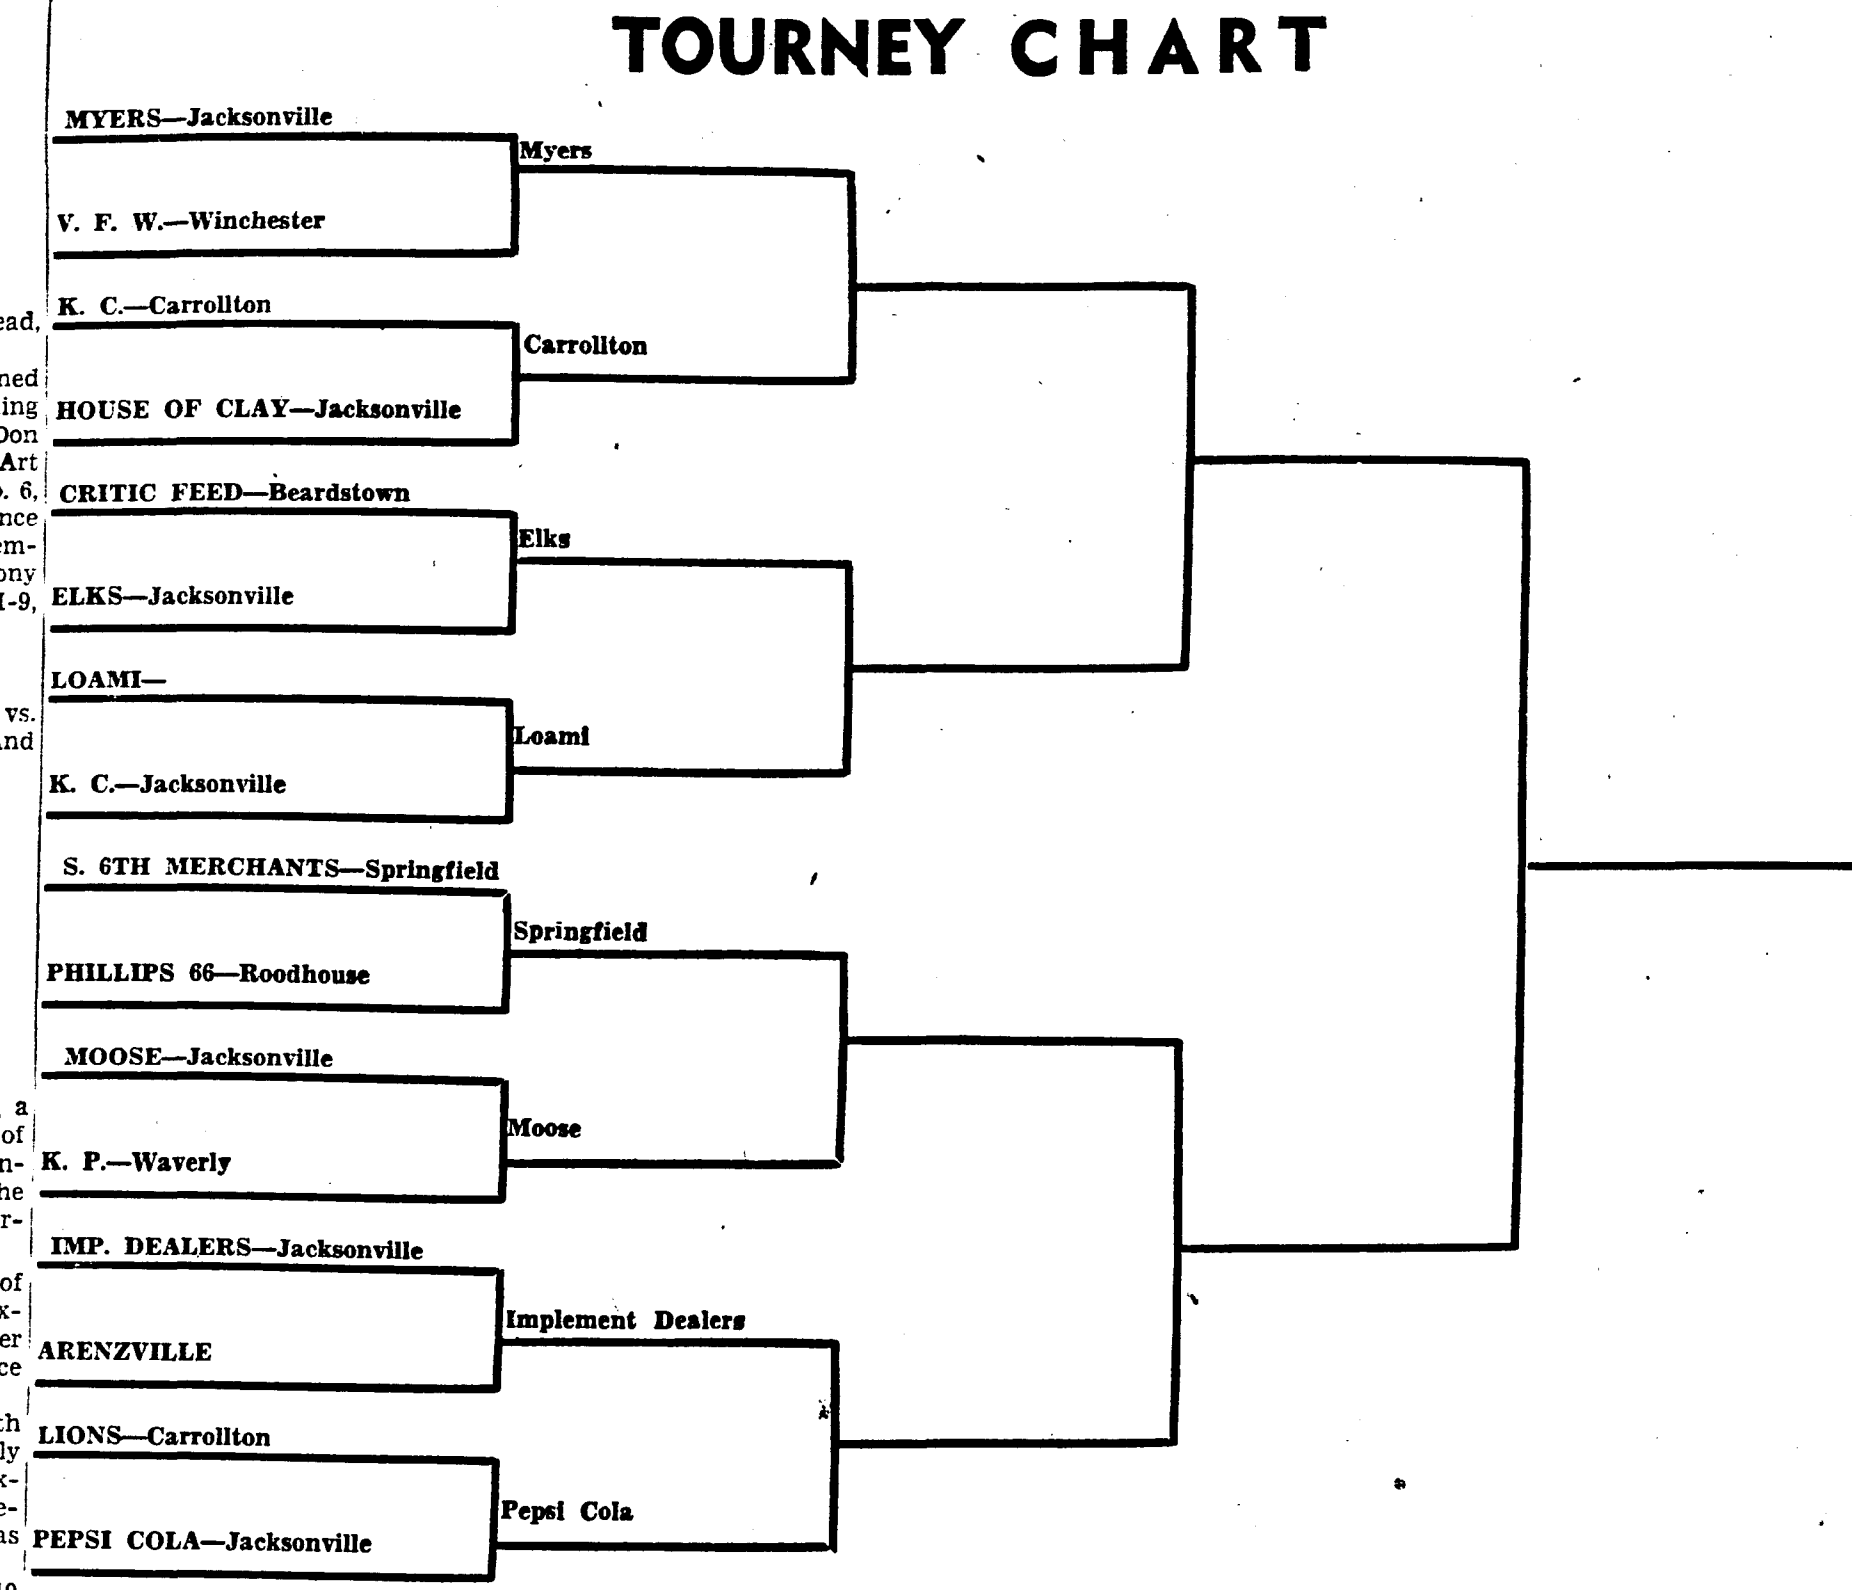

Boston, July 13 —(P)—The Boston Braves tonight announced that shortstop Al Dark, who was hit on the head by a thrown ball last Friday, would rejoin the club for tomorrow night's game here with the Chicago Cubs.

The Braves also announced the transfer of pitcher Johnny Beazley's option from the St. Petersburg team of the Florida International league to the Nashville club of the Southern association.

It Cost Mack Less Than \$180,000 To Put Together A's

Philadelphia, July 13 —(P)—Connie Mack is making a bid for the 10th American league pennant with a team that is a masterpiece of low-cost construction.

The 86-year-old manager-owner put together the current edition of the Philadelphia Athletics for considerably less than \$180,000 he paid for Lefty Grove and George E. Brown, his two great pitchers of 20 years ago.

Shrewd purchases of players at moderate prices, careful scrutiny of draft lists and a stute selection of most promising prospects from farm clubs tells the story.

Barney McCosky, outfielder sidelined by a lame back, is generally considered the most expensive man on the club since he came here from Detroit in a trade for George Kell, the American League's all-star third baseman. But in actual dollar investment the price was low for Kell came up through the A's farm system.

Cost Only \$17,500

Eddie Joost and Ferris Fain, rated two of the most important men on the club, cost Mack only \$17,500 and three players.

Joost arrived from Rochester of the International League in exchange for \$10,000 and three players. Fain was purchased from San Francisco of the Pacific Coast league for the draft price of \$7,500 in 1946.

Mack's highly regarded pitching staff cost an estimated \$50,000. Dick Fowler and Joe Coleman were acquired through a former working agreement with Toronto.

The brilliant Lou Brissie, Carl Scheib, and Bobby Shantz and Charles Harris grew up on the A's farms or with the parent club.

Alex Kellner, surprise winner of 12 games, was purchased from Birmingham of the Southern Association with which the Athletics had a working agreement.

Played Only With A's

Outfielders Sam Chapman and Elmer Valo never played with another major league club. Chapman was signed on the recommendation of Ty Cobb after he was graduated from the University of California. Valo came up from Wilmington, Del., once an A's farm club.

Veteran Taft Wright and Wally Moses joined the team this year after seeing service with numerous major league clubs.

Pete Suder, regular second baseman now benched with an injury, was a draftee at \$7,500. His replacement, Nelson Fox, advanced through the club's farm system.

Hank Majeski, like Suder, was New York Yankee surplus. Mack purchased the third baseman when the Yanks could find no place for him after two years with their Newark farm club.

Buddy Rosar, first string catcher, came from Cleveland in a trade for Frankie Hayes, who no longer is in the Majors. Catcher Mike Guerra was obtained via waivers from Washington.

There now are more wolves in northern Minnesota than in any other district of the United States.

Jacksonville Teams Win At Ball Diamond

Two well attended games at the Jacksonville softball park occupied the spotlight Wednesday evening, as two Jacksonville teams swept to victory over foreign invaders.

In the opener, the Implement Dealers outplayed Arenzville 8 to 2. Arenzville's chances for victory were spoiled by four errors, while the Dealers played spotless ball.

In the second game at 9:10 Pepsi-Cola edged out the Carrollton Lions by a three run margin. Final score was 8 to 5. Numerous errors, six for Carrollton and five for Pepsi contributed to the 13 runs scored.

Nationally-Known Animal Rescuer Is Found Dead In Bed

St. Louis, July 13 —(P)—Harold Present, nationally-known animal rescuer, was found dead in bed at his home here today.

Cause of death was not immediately known, leading to a call for an inquest.

Present's wife discovered the body, which she said bore black and blue marks. She told police her husband had spent most of yesterday near Pevely, Mo., searching for a Boxer dog which jumped from a train while en route from Germany to Cape Girardeau.

Her husband returned home about 4 a.m. today, she added.

Present was fired last month from his job as field superintendent of the humane society of Missouri. He had worked at rescuing trapped and mistreated animals for 14 years, gaining considerable fame for his animal rescue exploits during the spring floods here in 1943.

There are conflicting accounts as to the reason for Present's discharge from the humane society post.

U.S. And Russia Swap Hot Charges Over Jap Strikes

Washington, July 13 —(P)—The United States and Russia swapped hot charges today over strike orders in Japan.

Frank R. McCoy, American representative on the Far Eastern commission, said Russia is trying to take advantage of the disorders, which he said are aimed at "creating a condition favorable to the seizure of political power."

Without saying Moscow was responsible for the outbreaks, he said the Soviets are using the situation for propaganda purposes. Other American officials have blamed a recent series of strikes and demonstrations on Japanese communists, whose ranks are being swelled by the return of Soviet-trained war prisoners from Siberia.

Soviet Ambassador Alexander S. Panushkin responded with the assertion that the Japanese government and Gen. Douglas MacArthur have launched a "brutal" campaign to suppress "democratic elements."

He renewed an appeal for the commission to upset Japanese laws denying the right of strike and collective bargaining to employees of Japanese railways and other government enterprises. He declared this denial conflicted with the Potsdam agreement.

The verbal punches were traded at a closed-door session of the commission, which sets overall policies for MacArthur to carry out as occupation commander.

Phones For Farms Bill Is Passed

Washington, July 13 —(P)—A bill to provide more telephones for farmers passed the House today and went to the Senate.

The roll-call vote was 282 to 109, with most of the opposition coming from Urban representatives and the heavy backing coming from rural members.

The bill would allow the Rural Electrification Administration to make long-term loans to furnish or improve telephone service in rural areas.

Tip Passed Around At All-Star Game Is Look Out For Indians

New York, July 13 —(P)—Watch out for Cleveland was the tip passed around press headquarters by the baseball writers covering the all-star game and major league meetings.

The world champion Indians, making their move from way back like Stymlie used to do, have been passing teams for a month. Now they're second, 51 games back of New York.

Nobody underrates the Yankees, who have been out front since opening day. With Joe DiMaggio playing every day, they definitely are the team to beat. Many think they can be beaten although they have won nine of their last 12 starts.

The Boston Red Sox also draw strong support for their current seven-game win streak after breaking an eight-game losing slump. Joe McCarthy's Sox are still fourth, 81 games off the pace but now only a game and a half behind the faltering Philadelphia A's, who have dropped their last five.

If the Indians are going to close the gap, their big chance comes in the 13-game home stand starting tomorrow when the majors go back to work with an all-night, interseasonal program, after a three-day vacation. Three games each with Philadelphia, Boston and New York, the other first division clubs, and four with the groping Washington Senators will be played at the huge stadium on the lake front. Cleveland has won eight of its last nine.

With Bobby Feller winning five in a row, Bob Lemon pitching steady ball and Frank Papish coming through with a neat job against Detroit, the tribe's pitching is in good shape. Only Gene Bearden, hero of the '48 playoff and world series, still is missing fire.

Brooklyn has its chance to lengthen its National league lead which now measures only a half game on St. Louis. The Dodgers dig in at Ebbets Field for 13 games winding up with a big four-game set with the Cardinals. Those four games and three more the next week in St. Louis loom as the most important dates on the schedule so far this summer.

Cincinnati leads the western delegates into Ebbets Field where the Reds haven't won a game this year in six starts. After that it's Chicago, Pittsburgh and St. Louis in order.

The Cards open against the Phils who hold a 7-5 edge over them for the season. After Philadelphia, St. Louis hits New York and Boston, each for three games, before the Big Four in Brooklyn. St. Louis has won 35 of its last 50 games but before the Cards started that spurt May 22 they were a sorry seventh, five games under .500 at 12-17.

Billy Southworth's defending champion Boston Braves have been struggling along, playing .500 ball since June 1 but they're only 4 1/2 behind Brooklyn in third place.

Erv Dusak Making Grade As Hurler With Rochester

New York, July 13 —(P)—Will Erv Dusak be the next to follow in the footsteps of Bucky Walters and Bob Lemon?

Walters and Lemon, after failing to make the major leagues as infielders, switched to pitching and attained stardom. That's what Dusak is doing for the Rochester Red Wings of the International League.

Dusak, who like Lemon, also failed to stick in the big time as an outfielder, was optioned to the Wings by the parent St. Louis Cardinals this spring to gain pitching knowledge—and his report card is getting better all the time.

The 28-year-old native of Chicago, now making his home in St. Louis, pitched the best game of his short career last night—an 8-2, one hit triumph over the league-leading Buffalo Bisons.

Gene Markland solved Dusak for Buffalo's lone hit of the game in the fifth inning when he belted a home run after Marty Tabacheck had walked.

Dusak, who now has won four straight games during which he has allowed only two runs per contest, fanned six and walked six Bisons. The big righthander boasts a 7-4 won-lost record.

Pro Golfers Begin Dapper Dan Golf Tournament Today

Pittsburgh, July 13 —(P)—Golf's professional biggies open fire here tomorrow for pay and prestige in the \$16,500 Dapper Dan Golf tournament.

The 72-hole test, spread over four days at Alcoa Country club, will enrich the pro winner by \$2,600. It also may decide the two remaining positions on the U.S. Ryder cup team.

Big Vic Ghezzi, of Deal, N.J., defending Dapper Dan champion, is among the favorites again this year—but rated behind Dr. Cary Midgloff, new open champ, and Slammin' Sammy Sneed, the PGA titleshielder.

A record field of 156 pros and Simon-Pures is entered in the event. Other well regarded choices include Lloyd Mangrum, the walking swagger stick of Chicago.

Best guesses are that it will take at least a 27-26 under par for 72 holes over the rolling suburban layout—to bag that \$2,600. There are lesser amounts available for pros to finish from second to 20th.

Jo Jo' White Resigns As Pilot Of Seattle Club

Seattle, July 13 —(P)—Joeyner "Jo Jo" White resigned as manager of the Seattle Rainiers of the Pacific Coast League today.

The Rainiers are seeking Steve O'Neill, coach of the Cleveland Indians and a former Detroit manager, as White's replacement.

Jo Jo announced his resignation in San Francisco late today after a long distance conversation with General Manager Earl Sheely of the Rainiers.

Sheely confirmed newspaper reports that O'Neill had been approached with a managerial offer. It was learned that O'Neill is reluctant to come to Seattle until the end of the season, but, according to Cleveland sources, he definitely is "interested."

Veteran Copy Desk Man Of Globe Dies

St. Louis, July 13 —(P)—Fred G. Condit, 65, veteran Globe-Democrat copy desk man, died at Veterans hospital at Jefferson Barracks today following a long illness.

A native of Lamar, Mo., Condit began his newspaper career with the Lamar Democrat. He joined the Globe-Democrat staff as a cub reporter in 1907.

He left to serve as an ensign in the navy during World War I. Later he was national publicity director of the American Legion and was a city editor for the old Kansas City Journal.

He rejoined the Globe-Democrat staff in 1935.

He suffered a heart attack last December and had been ill with high blood pressure. He is survived by his widow, Mrs. Ramona Condit, and a nephew, Wilson W. Condit, Globe-Democrat advertising manager.

Soviets Let Berlin Trucks Go Through

Helmstedt, Germany, July 13 —(P)—Russian guards gave the green light tonight to west German trucks bound for Berlin. They permitted the vehicles to pass this zonal border checkpoint at a normal rate for the first time since last Saturday.

The sudden Soviet decision to relax restrictions was not explained.

But the speedup, so far, has made but a small dent in the two-mile long line of trucks. One reason was that the Russians still were maintaining that only Helmstedt could be used as a border-crossing point. So the Berlin-bound trucks, normally using five additional entry points, were being bottle-necked through Helmstedt.

Seven Avoid Death In Jacksonville Bus-Car Wreck North Of City

Near disaster was avoided last night when a Jacksonville Trailways bus crashed into an abutment of a bridge and then into a car driven by Edward Goldstein of Jacksonville. The accident happened at 6:15 near Wolfe Lake Station outside of Chandlerville. None of the five passengers on the bus or Mr. Goldstein were seriously hurt.

Clothing Projects Rate Highest With Cass County Clubs

Virginia—A recent survey of Cass county 4-H clubs revealed that clothing projects rate highest with the home economic members, while beef and swine project units keep agricultural club members busy.

Project enrollment in the home economics club includes: first and second year clothing, 123 girls; and study in various food units, cookies, dairy foods, outdoor meals, using and preserving fruits and vegetables. The bus passengers were picked up by a bus dispatched from a Trailways garage. Mr. Goldstein was brought into Jacksonville in the bus.

William Sheridan, sheriff of Mason county, said that Mr. Goldstein, carrying a car load of plate glass, had pulled off the highway at Wolfe Lake Station to re-arrange the glass. He said that the driver of the bus, Paul Dillow of 816 West Lafayette, told him that Goldstein pulled directly in the path of the bus when it was but eight or ten feet away.

Pulls Left
Sheridan said that Dillow told him he pulled left to avoid colliding with the Goldstein auto, hit the abutment of the bridge, then glanced into Goldstein's car. The sheriff said that both vehicles suffered severe damage. The bus was left at Chandlerville and the other car was taken to a Chandlerville garage.

The bus passengers were picked up by a bus dispatched from a Trailways garage. Mr. Goldstein was brought into Jacksonville in the bus.

Final Enrollment Announced At 138 For Swim Classes

Enrollment in intermediate and advanced swimming classes at Nichols park pool is 138. The classes are sponsored by the YMCA and swimming instructors are furnished by the Red Cross.

The breakdown of this figure is as follows: junior life saving, twelve boys and ten girls; senior life saving, ten boys and eight girls. All others are in intermediate swimming.

Of the 62 persons who took beginners lessons, 52 enrolled in the intermediate class. Paul Hartman, Y secretary, said that of the ten that didn't go on, four live outside this community.

Mr. Hartman stated that this indicates the instructors are doing a good job and are liked.

The Y secretary expressed his thanks to the park board for making Nichols park pool available to the YMCA.

Lessons will continue through July 29.

Home Bureau Sees 4-H Demonstration

Emma Jean Fox and Elizabeth Newberry of the Happy Workers 4-H club demonstrated "Methods of Making White Sauce" at a meeting recently of the Jacksonville unit of Home Bureau in the home of Mrs. Sarah Scribner. The girls were introduced by their leader, Mrs. Roy Newberry.

Mrs. Earl Brown, chairman, presided. Ten members answered roll call with "What I Think is Valuable about 4-H."

Mrs. George Coroar and Mrs. Charles Nunes gave the major lesson. Mildred Mason gave a whistling solo.

Guests included Mrs. J. T. Bland, Emma Jean Fox, Phyllis and Mildred Mason, Elizabeth Newberry, and Mary Lenore and Ralph Wohlers.

12 Local Girls Attend Youth Institute Here

The annual Methodist Youth Institute of the Jacksonville district, under the directorship of Rev. Robert S. Swain of Virden, dean, is in its fourth day at MacMurray College. This is the ninth year that the session has been held at MacMurray.

Approximately 140 young people of high school age are in attendance, including 12 Jacksonville girls. They are: JoAnn Johnson, Beverly Byrnes, Shirley Shumaker, Blanche Tankersley, Jean Thornton, Donna Crain, Patricia Fanning, Hester Sanders, Jacqueline Katz, Nancy Gibson, Ruth Ellen Lewis and Virginia Maurer.

Eighteen classes in keeping with the general theme, "Jesus' Way—Our Way," are conducted every morning. Six interest groups convene in the afternoons.

A talent night, with 12 skits, was enjoyed Wednesday evening. Thursday evening the group will participate in a hike and supper at the grounds manager, Rev. Lowell Shanley, with Rev. Harry S. Crede of Oak.

ANOTHER CAR READY TO ROLL

Young Allen Biggs, 869 Edgehill Road, is another Jacksonville boy who has hopes next Sunday. Already the veteran of one race, Biggs is only 12. Though confident of his chances of success, even if he loses he'll still have three more cracks at the Akron championship.

The All American Soap Box Derby, sponsored by the Corn Belt Chevrolet garage and the Jacksonville Journal Courier, will attract a large crowd on Grove street July 17. The race will begin at 1 p.m. (CST.)

Public Hearing On Airport Zoning To Be At Courthouse

Members of the Jacksonville Airport Zoning commission will hold a public meeting on prospective zoning laws Friday morning at 9 in the Morgan county courthouse. All persons who live within two miles of the ends of the runways of the new airport on Route 67 are urged to attend.

Persons in this two mile area, Chairman Robert Hemphill said, will be subject to the zoning laws adopted. His obvious, he continued, that an adjoining land owner cannot build a high tower next to the airport which will endanger air traffic. No unreasonable obstructions can be permitted, he concluded.

Following the meeting Friday, the Zoning commission will report to the Jacksonville Airport Authority. The Authority, in compliance with the Model Airport Zoning Act, will adopt zoning regulations for the area.

Other members of the Jacksonville Airport Zoning commission are John E. Linebaugh, and Loren Moody.

Bennett Meyers Seeks His Freedom

Alexandria, Va., July 13 — (P) — Former Maj. Gen. Bennett E. Meyers, wartime procurement chief for the army air forces, asked a court order today for release from Lorton federal reformatory. He is serving 20 months to five years for persuading a witness to lie under oath to senators investigating his business affairs.

Attorneys for the former general, in their habeas corpus petition, contended that the investigating committee did not have a quorum present at the time of the alleged perjury.

Meyers was convicted of inducing Blériot H. Lamarre, of the wartime Aviation Electrical Corp., Dayton, Ohio, to lie about Meyers' connections with the firm.

Rampaging Rivers Imperil Millions In China Valleys

Shanghai, July 13 — (P) — Rampaging rivers today were reported menacing the lives of millions of persons in central and southwestern China. In some places the floods were the worst in 20 years, on others the most disastrous on record.

The communist radio said a big area west and southwest of Hankow was threatened with inundation by crumbling dykes. In this area alone—only a small part of the entire flood region—some two million persons are threatened, the broadcast said.

The Yangtze, Hwang (Yellow), Siang, Chin and a multitude of smaller rivers were over their banks. It was impossible to guess with any degree of accuracy at the total square miles of flooded farm land or the number of dead and homeless in this vast region.

The civil war has been in a lull since the flood season started in south-central and southeastern China several weeks ago.

BRITAIN SCRAPS BATTLESHIPS
London, July 13 — (P) — Britain's navy broke with centuries-old tradition tonight. It announced a decision to replace battleships on operational duty with smaller vessels, because the big men o'war are not "the essential need of the present time."

Camp Illinek Ends Fourth Period For Present Session

Camp Illinek, the Boy Scout camp on Lake Springfield, is ending its fourth period of camp for the 1949 season.

So far, nearly one hundred local scouts have participated in its program of aquatics, life saving, rowing, canoeing, Indian lore, handicraft, camp games, and activities.

Scouts from Christian church, Centenary church, Grace Methodist church, and Illinois School for Blind and South Jacksonville troops, as well as scouts from Waverly, Woodson, Virginia, Beardstown and Alsey have participated.

Scouts still planning to attend are from St. Street Presbyterian church, Salvation Army, A. M. E. Bethel church of Jacksonville, and from Meredosa, Franklin, Chandlerville, Beardstown, White Hall, Roodhouse, and Bluffs.

While the first half of the camping season has had capacity groups, there will be a few available places in the 6th, 7th and 8th periods, beginning July 24 through July 31 and August 7 through August 14.

Scouts wishing to participate in the campaign program may still register at the Scout office.

This year Illinek promises to be the largest ever held in this area.

Will Give Flower Show July 19 At Community Hall

Versailles—The date for the annual flower show and home exhibit has been set for Tuesday, July 19 at the community building. The affair, sponsored by the Women's club will begin at 10 a.m. and continue throughout the day. At noon a luncheon will be served and in the afternoon a program will be given.

A parade of wedding gowns will be featured and volunteers are needed to wear or have someone wear their wedding attire. Notify Mrs. J. C. Cesterne.

For the flower show, ribbons will be given for gladiolus, dahlias, zinnias, asters, petunias, roses, marigolds, snap dragons, phlox, lilies, delphinium, nasturtiums, cosmos, sweet peas, daisies, ferns, African violets, potted plants, best mixed bouquet, best mixed bouquet in vase, best flower arrangement and best centerpiece.

Plan Moonlight Swim For YMCA Youth Group

The Young Adult Executive committee of the YMCA has planned a moonlight swim for the night of Tuesday, July 19. The party, third in a summer series planned by the committee, will begin at 9:10 p.m. at Nichols park pool. The only charge will be admission to the pool.

To be eligible to attend, the person must be out of high school. Paul Hartman, secretary of the Y, stated that the upper age limit is around 25 or 30. He said that young married couples are welcome.

Earlier this year the committee held a roller-skating party in Springfield, and another moonlight swim in the park pool. More than 60 attended that swim.

Members of the committee are: Mary Jane Ore, Dorothy MacDonald, Shirley Hocking, Ann Goin, Bob Ward, John Smith, and John Scupham.

Those interested in the party are asked to sign at the YMCA building on West State. Registration is necessary to get an early count of the expected attendance.

TWO MORE WIN COURTESY AWARDS

Yesterday's Courtesy committee was about to give up the job of being a sophomore at Illinois College, when Jim Read made a correct hand signal at the stop lights on South Main. He turned left on College avenue, went to South West street, made a correct right turn and continued carefully to the square. Mr. Read proceeded to circle the square and head west on West State street where the committee notified him that he had won the five dollars award.

The Courtesy committee said it, Mr. Read is 18 years old and will be a sophomore at Illinois College next fall. He has neither had a wreck nor been arrested for a traffic offense. He said he was planning to use the prize money to help send himself through school next year.

Deciding to reward consistent courtesy, the committee also awarded \$5 to William Young, 26, veteran driver at the post office. Young, a war veteran, intends to use the money as an installment on a television set.
